Number of starts qualified for the second round will be the following:

Individual 2* (Children, Juniors and Seniors) : All male vaulters and the 15 best placed female will be allowed to start in the second round.

Individual 3* : All starters will start in all tests.

Pas-de-deux : All starters will start in both rounds

Squad: The 7 best placed squads in each class will be allowed to start in the second round.

Starting order for the second round will be according to option 2 in Article 708 in the FEI rules for vaulting. The starting order will be in reverse order of the results of the first round.

If a horse or a lunger starts more than once there should be at least one horse in between. If vaulters started together on the same horse in the first round they may also start together on the same horse in the second round, (but only the ones that are qualified for the second round). The starting order of the horse will then be decided from the lowest placed vaulter on the horse. The vaulters can also decide to start separately, one by one in the second round. Please inform the show office as soon as possible after results from the first round have been published.
